The Good, The Better, and The Unexpected: Learning From Accelerating Children’s HIV Treatment (ACT) Adolescent Project’s HIV Research in Zimbabwe, Kenya, and Tanzania

An Elizabeth Glaser Pediatric AIDS Foundation (EGPAF) Satellite at the 20th International Conference on AIDS and STIs in Africa (ICASA 2019)

Tuesday December 3, 7:00-8:30 am | Room MH1

This satellite will provide an opportunity to share real-world, qualitative, quantitative and economic information from three studies completed under the ClIFF-supported ACT Adolescent Project implemented by EGPAF.

Schedule

Welcome

Anja Giphart, Executive Vice President for Medical and Scientific Affairs, EGPAF

ACT Adolescent Project Overview

Taryn Barker, Manager, ClIFF

Study Presentations:

- 1. Feasibility of Adolescent-focused HIV prevention, care and treatment differentiated service delivery in Zimbabwe (Presenter: Emmanuel Tachiwenyika, Technical Advisor, SI&E, EGPAF-Zimbabwe)
- 2. Cost-effectiveness of a combination intervention strategy to improve retention among HIV positive adolescents in Kenya: The ACT Adolescent Project Study (Presenters: Rantimi Adetunji, Senior Program Officer for Economic Evaluation, EGPAF and Dave Muthama, Director for Global Awards, EGPAF-Kenya)
- 3. Adolescent and Youth Friendly HIV Services in Tanzania: Utilization Patterns, Service Delivery Models, Patient Outcomes and Costing (Presenter: Theopista Masenge, Senior Technical Advisor for Pediatrics, EGPAF-Tanzania)

Q&A

Facilitated by Maryanne Ombija, Technical Advisor, Adolescent HIV, EGPAF

Closing Remarks

Maryanne Ombija and Rosa Mahasera, CAYA Youth Representative
